

# Marquee Functions

Whether you are celebrating your birthday, anniversary or just fancy a get-together the marquee is a great alternative in the summer. Available from May until September, when you hire the marquee it is yours all day and night meaning you can start your party any time from midday onwards.

The marquee is in an exclusive area of the garden meaning your function is completely private. This area of the garden is also big enough to have a bouncy castle to keep your younger guests occupied.

## Capacity
